

essentially, describe this

Milestone 1 Grade:

85

Team: MOHAN

Executive Summary: (5 Points)

5

Introduction: (5 Points)

Main Content (65 Points)

Client Background: (5 Points)

Current System: (8 Points)

Alternatives and Competition: (2 Points)

User Profile: (10 Points)

User Needs: (10 Points)

Product Perspective: (5 Points)

Feature Listing: (20 Points)

it would be a good idea to explicitly identify your client's definition of success.

NOT applicable

great job! It would be nice to see success & failure quantified. Have you spoken to other plugin developers, players & other admins? There are 2 on campus

good job. Reporting issues was listed as a main need, but is not mentioned. Rationale for choice of attribute value is missing. look at other testing frameworks for features

Constraints: (5 Points)

(5)

Writing: (15 Points)

(1A)

(1) Formatting: great job
Grammar: some minor issues
Spelling: great job.
Presentation:

Index and Glossary: (5 Points)

(5)

References: (5 Points)

(3) (2) Have a more tangible way of identifying references rather than just italicizing them.
Reference all technologies or platform.
Make sure all instances of a reference are cited.
